## COMPANY PROFILE

Many thanks for your enquiry into 1<sup>st</sup> Galaxy Fireworks and our superb range of Displays and related services. Designed specifically with a Product or Company Launch in mind the range of "Corporate Displays", offers Huge Impact, accompanied by rhythm, colour choreography and originality.

**Why 1<sup>st</sup> Galaxy Fireworks?** We have vast and valuable experience, firing shows and entertaining Millions of People over the years. Over 40 Years experience in the Management Team, coupled with experienced operators, trained to the highest standards. As a large Importer of Fireworks we are able to offer the benefits of buying "Direct", meaning the highest quality, exclusive products and the best value for money. We are also members of the industries leading bodies (BPA) British Pyrotechnists Association (Firework Makers Guild), Chambers of Commerce and Office of Fair Trading, The British Fireworks Association & Explosives Industry Group (CBI)

**Health and Safety?** Our vast experience has both educated our team and inspired our clients. Safety comes first in every situation, not only on site but behind the scenes also. With the use of our ex-military Licensed Factory Site we are able to operate under the safest environment. An in-depth Risk Assessment and Site Survey will be completed prior to the event; also available is 1<sup>st</sup> Galaxies Code of Practice Information. In addition to this all operators are trained in house, using stringent test methods, education and a log of training results.

**Latest Technology?** All shows in our corporate range are fired using our highly sophisticated "Tricom" Firing System. Designed and built exclusively for 1<sup>st</sup> Galaxy Fireworks, the system offers 3 methods of backup, giving the best reliability, Full System Integrity Test, ensuring the best results, along with duel firing operation, guaranteeing safety whilst at the set-up, fire and dismantle stages of the project.
